## Introduction

If you are made a conditional offer of admission, you will receive access to your Self-Service account. Your User ID and password for logging in will be emailed to you.

The Self-Service account is the way that we will communicate with you and let you know about the progress of your offer(s). It is important that you check it frequently to find out if you need to do anything or if we have sent you any messages. If you do not, you might miss a deadline and risk having your application withdrawn.

You will be able to upload documents to support your application and maintain your personal details in your Self-Service account, and you will find links to useful information elsewhere on the University's website. You will also be able to withdraw your application or request a deferral from here.

This document explains how to use your Self-Service account at each of the stages of your application.

*You will also find useful information on the 'I've applied what next?' pages of the Postgraduate Admissions website. For more detailed information on what you should do after being made an offer, visit <https://www.postgraduate.study.cam.ac.uk/your-offer>.*

## Section 1: Logging In

The link for Postgraduate Self-Service (PGSS) is on the Postgraduate Admissions website and is:

When logging in your user ID will be your 9 digit student number usually beginning '30...'

**Welcome to Graduate Applicant Self Service**

Please download the [Guide to using Graduate Applicant Self Service](#) where you will find information about how to use your account.

Here you will be able to track the progress of your application(s), upload supporting documents, and update some contact details. Anything we need to tell you about your application (such as a change of status, materials you need to send us or important messages) will be shown here. Different pages and links will appear or become live as your application progresses.

**Please check here regularly and take action promptly when we ask you to.**

**First, please upload a digital photograph of yourself.** This is a requirement of your application, but will not be used as part of the selection process. If we already have a digital photograph (eg. because you have previously been a student at the University of Cambridge), you can delete your existing photograph and upload a new one. Click on the 'Photograph' link below and follow the instructions.

Please switch off your popup blocker, or set "camsis.cam.ac.uk" as an exception in your browser.

**Your Details**

You can view and update your personal details by using these links:

Application Number	Course Description	Start Term	Status	College Membership	View/Amend
Application Number	PhD (Probationary) in Plant Sciences	Michaelmas Term 2017	Applicant Accepted Offer	Accepted at St Edmund's College	<a href="#">View/Amend</a>

In the top right corner there is a “Help” link. There is some information here about Postgraduate Applicant Self-Service. All the other Self-Service account pages have a similar link, which is context sensitive.

You can maintain your contact details (Addresses, Phone Numbers and Email Addresses) by using the links under the “Your Details” bar. However, while you can view your name, you cannot change it in the Self-Service account. If your name does need to be changed, please follow the instructions on the Names page.

You can upload a photograph of yourself – you will need to do this before you are admitted so that your University card can be issued. If you need to, you can also change the photograph.

Below the “Your Details” bar is a list of the applications that you have submitted. Each application has a unique application number. Once your account is active, any new applications you submit will appear here. If you use the online application they will normally appear within one working day of receipt of payment. If you send them by post or courier, they will appear as soon as they have been registered by the Postgraduate Admissions Office.

To view more detail about the application, or to send us information, click the “View/Amend” button next to the application.

**If you are made more than one offer, you will see one row for each application. Your applications will be treated separately by the University so their statuses will change at different times.**

The “Status” column shows the progress of your application. A more detailed explanation of this is given when you click on the “View/Amend” button.

Once a College has offered you membership, its name will appear in the “College Membership” column (this will only happen after we have made you an offer of admission).

Your Self-Service account will now show that your application is withdrawn because you have declined your offer of admission. You will not be able to provide any further information about it.

You will now be invited to complete a questionnaire about your reason for declining your offer. This is to help us to improve our admissions service.

If you decide to complete the questionnaire (which is optional) a new window will open. Please complete the questionnaire in the new window.

#### 4(c): Print certificate of offer

You can print a certificate with details of your offer. You can print certificates for as long as your offer is active.

#### 4(d): View offer conditions and comments

You can view your offer conditions by clicking "View Offer Conditions/Comments" on the **Application Post-Offer** page.

▶ Photograph (Completed)  
▶ Finance (Completed)  
▶ College (Completed)

The Self-Service account is our primary means of communicating with you. We will leave you any messages there, which can be viewed on this page under 'Messages and Warnings'.

**4(e): Defer your course**

Some courses offer alternative term start dates. If this is the case, it is possible for you to request to defer your course of study to an alternative term. Please check the online postgraduate prospectus or speak with your department regarding this possibility.

**Please note: it is not possible to defer between academic years. You may only defer between terms within the same academic year which runs from Michaelmas Term (October), through Lent Term (January), to Easter Term (April). If you would like to move your application from one academic year to the next, you will need to withdraw your current application and reapply with a new application, incurring a new application fee and undergoing the admissions process again.**

If your place has already been confirmed, you will need to email the Postgraduate Admissions Office to request a deferral: [pg.admissions@admin.cam.ac.uk](mailto:pg.admissions@admin.cam.ac.uk)

Click “Defer Offer”.

I have applied for and obtained a scholarship, but my sponsor wants me to undertake some preliminary work with them before I come to Cambridge.

You have now requested a deferral. We will consider your request and will let you know whether or not you will be allowed to defer.

#### 4(f): Upload documents

We only accept one type of document: **.pdf** (Adobe Acrobat). PDFs must not be password protected or digitally signed. If you want to upload other types of document, please convert them to this format first.

This is the most important page of your Self-Service account because it is where you provide the documents to meet your offer conditions. Use it carefully. If you make a mistake when you are uploading a document, for example by uploading a transcript and telling us that it is a marriage certificate, or by uploading something to the pre-decision area instead of the post-offer area, we may not be able to locate the document, and your application could be withdrawn.

Please note that the list of offer conditions will not automatically update for Post-Offer items as the Postgraduate Admissions Office must scrutinise the documents that you have submitted in order to ensure that they meet the conditions of your offer. This can take several working days (and processing times vary depending on the time of year). Please keep checking your Self-Service account for updates and comments.

If you will be applying for a Tier 4 student visa, you may be required to have original academic documentation when making the application. Please ensure that you retain at least one set of original academic transcripts/certificates for this purpose. **DO NOT send us your only original.**

More information on how to share your transcripts can be found at <https://www.postgraduate.study.cam.ac.uk/application-process/what-happens-next/your-offer>.

You will now be invited to complete a questionnaire about your reason for withdrawal. This is to help us to improve our admissions service.

You can still review your application information and “Print Certificate of Confirmation”.

If you require a Tier 4 visa to study, you should soon be able to access your CAS Statement as a PDF via the “UK Immigration” section. Your CAS Statement will also be sent to you by email. You can apply for your visa from 3 months prior to your course start date and you are advised to make the application as soon as possible after you have received your CAS. Further information is outlined at [www.internationalstudents.cam.ac.uk/immigration](http://www.internationalstudents.cam.ac.uk/immigration)

You can update your visa application status in the ‘UK Immigration’ section, by clicking on ‘Visa Application Status’ and following the instructions.

Please do not do anything else. Your admission is complete – we have all the information we need and have made the decision to admit you.

### 5(a): Print your certificate of confirmation

[Print Certificate of Confirmation](#)

Click the link “Print Certificate of Confirmation”.  
Your certificate will open in a new window.  
You will be able to print or save it.

## Section 6: Guidance for scanning documents

We only accept one type of document: **.pdf** (Adobe Acrobat). PDFs must not be password protected or digitally signed. If you want to upload other types of document, please convert them to this format first.

If your computer cannot create PDFs, there are several plugins or converter applications that you can download from the internet. Use one of these to convert your documents to PDF format before uploading them.

The maximum size of a document that you can upload is 2MB. Documents larger than this will not upload.

If you cannot upload a document that you have scanned, because the file size is too large, please try one of the following:

### Online compression:

There are many websites that offer a free file compression service.

### Image Type:

Try to find out if the software you are using allows you to set the 'image type' of the document you are scanning. Scanners usually offer a choice of Black and White (often referred to as Line Art), Greyscale or Colour. If you are scanning a document of text (no photos) it is sufficient to use a setting of Black and White **unless it is an academic document, which must be in Colour**.

### Resolution:

Try to find where your scanning software allows you to set the image resolution of the document you are scanning. For most documents a resolution of 200dpi will be sufficient.

### File Format:

If your scanning software allows you to pick a file format for you scanned image try using JPEG. JPEG images are compressed so will be smaller than most other types.

You will need to convert to JPEG file to PDF format so that you can upload it.

### Area Scanned:

If your scanning software allows you to select parts of a document to scan and you are scanning a document with large blank borders, try selecting only the part of the document containing the information. Scanning the blank borders will increase the file size unnecessarily.
